DETAILED ACTION

Double Patenting

1. Claims 7, 8, 14-17, 19-23, 25, and 26 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 7, 8, 13-18, 20-24, and 26, respectively. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k). The slight difference between claims 13 and 14 is the switching of the terms “base” and “body”. This objection can be overcome by replacing “body” on line 7, of claim 14, with –base— and replacing “base” on line 8, of claim 14, with –body--.

Allowable Subject Matter

2. Claims 13, 18, and 24 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter: The primary reason for indicating allowable subject matter is the construction of the first and second engaging means that results in the first engaging means applying an essentially constant pressure on the corresponding second complementary engaging means.
